

Exquisite living in the best climate in Europe

New development

Description

Not far from the beautiful beaches of Torrox Costa, this extremely tasteful and luxurious small residential complex is being built. The excellent location, the proximity to the sea as well as to the centre of the village with all its amenities characterises this property. Not to forget the mild climate of this region, which is famous as the best climate in Europe.

The construction works for this excellent project will start this year (2023) and are expected to be completed by the end of 2025.

Features

The complex consists of 47 residential units with two or three bedrooms, balcony or terrace with wonderful sea views.

The flats are very modern and equipped to a high standard. Beautiful bathrooms, a fully equipped kitchen, built-in wardrobes and air conditioning are of course included. The flat comes with a private parking space and a storage room.

The charming communal gardens and the large swimming pool invite you to linger. Simply the perfect place for a unique and relaxed life.

On our website we can only present a few living models, but we have all the other plans available.
